There may be additions and deletions prior to the Board taking final action. Any action may be taken at any meeting, which includes all Caucus and Regular sessions. HEARING OF CITIZENS

Doris Paez, resident, stated when the creek overflows on Bergen Turnpike, the Police Department usually puts up barricades. When the water recedes, the town should try to come and clean the debris left behind.

Ms. Paez advised she walks about 6 miles a day throughout the Village and it is unbelievable on the amount of garbage/litter. She suggested more garbage cans be placed on streets and stated Union City and North Bergen are spotless.

Also, cars are exiting the IGA parking lot onto Main Street – perhaps an arrow should be painted on the parking lot.

Ms. Paez asked if the Village can do anything about the newspapers that are delivered. They are left on sidewalks and when they get wet, they turn to mush.

Commissioner MacNeill advised that there is nothing that can be done – based on 1st Amendment rights.

Ms. Paez advised 545 Ridgefield Avenue hasn’t had a sidewalk in 4-5 years. She is concerned someone will get hurt.

Edison Street is uneven, the blacktop is raised - Supt. Monroe will send a crew to look at it.

Ms. Paez asked if anything can be done about the train noise. Mayor Anlian stated it is Federal law for trains to blow their horns at crosswalks.

Ms. Paez asked if anything can be done about the motorized bicycles on the sidewalks.

Chief Rella advised they can’t be on the street unless they are licensed.

February 22, 2024

Lisette Palacios, resident, stated she called the Federal Railroad Administration and was told an exemption can be obtained by the Village. An assessment would need to be done as part of the “Quiet Zone Establishment Process”.

Ms. Palacios advised parked cars on Ridgefield Avenue are constantly being hit. Some vehicles are getting hit even though they park halfway onto the sidewalk. The street is too narrow to be a 2-way street. Heavy trucks are going through and sidewalks are getting cracked. Also, the speeding is out of control.

Mayor Anlian advised the Village Engineer can take a look at the street and conduct a traffic study.

Supt. Monroe advised Ridgefield Avenue is a County road.

Bob Frieber, resident, asked if anything has been done regarding the factory noise yet.

Ms. Palacios added that the noise was out of control on Friday. She played a recording of the noise from the factory. She also stated that the neighborhood children aren’t sleeping at night.

Commissioner MacNeill suggested that the neighbors, factory owners and the County come in for a meeting.

Chief Rella stated a small fine could be imposed if they are not in compliance but that won’t stop the issue.

Mayor Anlian stated the Village will set up a meeting.

Chris Santana, member of the Ridgefield Park Fire Department, stated the double parking at the School of Excellence is an accident waiting to happen. There should be more traffic control.

Also, vehicles are parking in fire zones and at yellow curbs around the schools during dismissal time. Emergency services response times are delayed due to this problem.

Mayor Anlian advised he will speak with Chief Rella.
