VOL. 35 NO. 1

Ridgefield Park, N.J.

MARCH, 2018

MESSAGE FROM THE BOARD OF COMMISSIONERS

As mentioned in the last newsletter, the newsletter will no longer be distributed to every residence. The scouts and other local organizations are no longer able to provide this service and the postal and other distribution costs are prohibitive. We will be furnishing newsletters to the Municipal Building, Library, Civic Center and other locations where they can be picked up. Further, many residents now get their information on the internet. For current information about Village activities and events, we invite you to log on to the www.ridgefieldpark.org website for current updates. We also invite Village clubs and organizations to submit their own activities for posting. Further, the Village bulletin board, donated by the Rotary Club, in front of the Municipal Building continues to be a source for community information. All of us are adjusting to the lack of a local newspaper.

The Board of Commissioners is currently engaged in preparing the 2018 Village Budget which will not be finalized until mid-year following actions by the State Government in Trenton. We anticipate that the Village Budget will continue to represent about 1/3 of the total property tax bill, with the School and County budgets making up the remainder,

Springtime is always a time of renewal. We encourage everyone to clean-up, fix-up, paint-up. We are a community of older homes and buildings, all requiring "TLC" (Tender Loving Care). Let's all do our part and help keep Ridgefield Park beautiful.

Commissioner John H. Anlian
Commissioner Theresa A. Kohles
Commissioner Adam A. MacNeill
Commissioner Hugo R. Poli

FIRE SAFETY

Welcoming Spring comes with some reminders to keep your home fire safe. The plants may be budding and the trees may be in bloom and you may be looking to do some "Spring Cleaning." Here are a few safety tips:

- Remove stored newspaper and other unnecessary rubbish from your garage that can fuel a fire.
- Test your smoke alarms monthly.
- Replace the batteries in your smoke alarms, carbon monoxide detectors, flashlights and any other emergency equipment.
- Maintain your smoke alarms by gently vacuuming them as needed.
- Replace smoke alarms every ten years or as recommended by the manufacturer.
- Keep outdoor debris away from the house.
- Any stored gasoline should be kept in small quantities, outside of the home in a shed or detached garage and in tightly sealed containers.

Backyard barbeque safety

Outside grilling can be a welcome sight and here are some tips to help assure your cookouts are memorable for the right reasons.

- Keep your grill well away from siding, deck railings, and overhangs.
- Do not place the grill in heavy foot traffic areas or play areas.
- Consider the area around the grill a "kid-free" zone until the grill has completely cooled off, much like the stove in your house.
- Use long handled grilling utensils to keep the heat away from the chef while cooking.
- Use proper starting fluid and keep it out of reach of children and away from heat sources if you have a charcoal grill. Never substitute any other combustible liquid to start coals. This is extremely dangerous and can cause a disastrous outcome.
- Apply starter fluid directly to the coals

then reseal and put the can away before lighting the coals.

- With propane grills, check the cylinder and hose for leaks.
- When you have finished cooking, keep an eye on the grill until it has completely cooled.

Final thought, gas and charcoal grills must only be used outdoors. If used indoors, or in any enclosed spaces as tents, they pose both a fire hazard and the risk of exposing occupants to toxic gases such as carbon monoxide.

Have a safe and happy Spring from the staff of the Bureau of Fire Prevention.

COMMUNITY GARDEN SEASON 2!

After a successful first season, we are getting ready for our second season. If you haven't seen our gardens, they are located in Fellowship and McGowan Parks. Ridgefield Park residents, groups, businesses and Green Team members are eligible to join the garden. We do not charge for the use of the plot, but ask for donation of time to help maintain the common areas and participate in garden activities.

This year, we are adding a new feature; each garden is surrounded by plots which have a trellis back. The inner plots without a trellis are for the gardeners' personal use and the trellised plots surrounding the gardens are for Village residents to enjoy. The trellised plots, which will be called public plots, will contain vegetables, herbs and flowers which will be maintained by the gardeners. Once the plants mature, there will be public picking days at each location. Those days will be announced and garden-

ers will be at each location to guide and/or assist with picking.

For information, email RPCommunityGarden@gmail.com or call Janet at 201-362-4420. Applications are available online at www.ridgefieldpark.org/Community-Garden and also in the Municipal Building lobby.

Plots and locations are assigned on a first come basis. If you are considering gardening with us, please apply as soon as possible. No experience is necessary. Just come join the fun!

RIDGEFIELD PARK POLICE DEPARTMENT

Juvenile Bureau News

The Ridgefield Park Police Department, in cooperation with the Little Ferry Police Department, will be conducting the 14th annual Junior Police Academy Program. The Junior Police Academy will be a five day program and will be open to boys and girls who will be completing sixth, seventh or eighth grade in June 2018.

Goals of the program are: to expose Village youths to police work through an enjoyable but disciplined forum; to allow members of the police department to interact with Village juveniles in a positive way; and to reinforce the consequences of negative behavior, violence and substance abuse. The week will consist of physical conditioning, military drill, and various hands-on experiences. There will be guests from federal, state and county law enforcement agencies who will provide demonstrations of their expertise. A one day field trip is also being planned.

The program is tentatively scheduled to run sometime in late June or early July. Applicants must be permanent residents of the Village of Ridgefield Park. Twenty five juveniles from Ridgefield Park and twenty five juveniles from Little Ferry will be chosen to participate in the program. Applications will be accepted on a first-come, first-serve basis. The applications

will be distributed through the school system and will also be available at Ridgefield Park Police Headquarters in March 2018. Parents can contact Det. Nicholas Triano at ntriano@rppd.org or stop in at police headquarters with any questions or concerns you may have.

Fundraising Update

The Ridgefield Park Police Department and PBA Local 86 would like to extend our gratitude to all Village residents and businesses who generously donated to our annual fund drive mailing. Please be reminded that PBA Local 86 and the Ridgefield Park Police Department Goodwill are the only organizations connected to our department. We absolutely do not solicit donations by telephone under any circumstances. Any requests for donations from any other police organizations should be carefully scrutinized. Please contact police headquarters at (201) 641-6400 if you have any questions or uncertainties.

Motorized Scooters (GO-PEDS)

No person, except for an operator with a mobility-related disability, shall operate a motorized scooter upon any public street, highway or sidewalk. Additionally, no person shall operate a motorized scooter on the property of another without the consent of the owner of that property or the person who has a contractual right to the use of that property. (39:414.12)

Fraud Alerts

Tax season is upon us and many Village residents have received fraudulent phone calls from the Internal Revenue Service. We would like to remind residents to be cautious when dealing with individuals soliciting private information via the telephone or internet. If you are unsure if the call is legitimate, ask for a contact name and information and inform the caller that you will be in touch with them at a later date and time. As with anything that may concern you, the police department cannot assist you in your time of need if we are unaware that a problem exists. Please do not hesitate to contact the police department at any time, regarding any matter where you feel we could be of assistance.

Gypsy and Contractor Scams

Gypsy scams are incidents that occur mostly during daylight hours in which the actors will literally walk right into someone's residence for the purpose of stealing money or jewelry. Often the resident is either in or near the residence or is talked

into accompanying the actors to locations inside or outside the home under the guise of performing a service or to "check on a problem" with your boiler or water heater. While you are distracted, accomplices roam freely through your home, looking for and taking valuables. If these individuals are caught, they give some type of excuse as to why they are in your house or on your property. The best way to keep these individuals from victimizing you is by refusing to allow anyone you don't know to enter your home and keeping your home locked even when you are working in the yard. If someone comes to your door looking to use your telephone for an emergency, advise them that you will contact the police for them and then close and lock the door. Call the police immediately even if the suspects leave and try to obtain a description of the actors or a license plate if there is a vehicle involved.

This is also the time of year to be wary of "contractors" who come to your home or call you on the phone looking for work. Some will tell you they were just "passing by" and noticed that you needed a new roof, siding or driveway. They may not be contractors at all, not trained, licensed, or insured. These con artists will usually offer to perform the work at a price far below what you would expect to pay for it and more often than not they will require you to pay in advance. The bottom line is that you give them the money and never see them again. Most professional, legitimate contractors never need to go door to door to get work. Don't sign any contract before reading it and contact an attorney to review it if you are uncertain. Call the contractor's insurance company and make sure the policy is in effect and ask the contractor for references. If you feel like you are being scammed, contact the police.

SHADE TREE COMMISSION

Celebrate the Village trees! Attend the 39th annual Village Arbor Day Program on May 5, 2018, 9 a.m., at Riverside Park, adjacent to the Department of Public Works. The elementary school students whose posters have won the Arbor Day contest will be introduced and receive their cash awards. This year the annual Arbor Day celebration immediately precedes the Earth Day activities. Arrive early and spend the entire day enjoying the fun, the programs, and the exhibits.

And just how many Village street trees are there? 3420 and that information was determined by an inventory which not only provides the number of trees but their location, species, size, and condition. The data is entered into a software program which assists the STC is assessing all tree care needed and/or completed.

It takes a whole village to care for the wonderful trees lining the streets of Ridgefield Park. The DPW removes trees/stumps, plants trees, prunes trees; residents request trees and report tree safety concerns; and the Shade Tree Commission members select planting sites and choose appropriate species for each site, inspect trees, hire arborists to check trees, hire tree companies to do developmental and elevation pruning, inspect and resolve sidewalk/tree problems, attend informational conferences, prepare state reports qualifying Ridgefield Park annually as a Tree City, and submit details needed for the state's green cover program. In 2018, we celebrate our 28th year as an American Tree City. There's always rewarding work to be done and the STC encourages residents to volunteer to join ... assuredly, there's a job on the commission you would find interesting and informative. The STC meets the second and fourth Mondays of the month at 7:30 p.m. in the 3rd floor conference room.

Sidewalks

The STC has the Sidewalk Safety Program for sidewalks that need lifting or replacing due to Village shade tree roots. Anyone interested in the program should obtain forms at Town Hall and return the completed forms to the STC to initiate inspection.

Currently, there is a waiting list but submit your application now because work is done according to the date the application is received.

All reimbursable work **MUST BE**

PREAPPROVED BY A STC MEMBER and done by a STC APPROVED CONTRACTOR. Property owners will not be reimbursed for work done without pre-approval by STC or by a contractor who is not STC approved. Property owners are required to pay the contractor and then submit the invoice to the STC for reimbursement.

If there is a concern about a Village tree, contact the STC either by letter addressed to 234 Main Street; Phone 201-641-4950, extension 640; or by attending a meeting. Always provide your name, phone number and concern along with the address of the tree site. You will be contacted after a STC meeting; the STC meets on the second and fourth Mondays at 7:30pm in the third floor conference room.

Reminders

According to Village Ordinance 3-79 no one can fasten any sign garage sale, lost pet, etc... to any Village shade tree.
