You will need to rent the instrument for your child. Your child's choice of violin, viola, or cello.

This camp is for absolute beginners or almost beginners to intermediate skills. Your child will learn in group classes.

Progress goes much faster when students practice at home! (For this reason, we ask students to be able to commit to 10-15 minutes of practice each day for the duration of camp.)

## **MEET YOUR INSTRUCTOR: AMY BESHARA**

I have almost 25 years teaching experience, I'm trained in the Suzuki Method, Dalcroze Method, Paul Rolland Method, O'Connor Method, Music Together, and Performance Wellness (training for stage fright) and am also a registered Yoga Teacher. I've been on the faculty of Montclair State University, Cali School of Music Extension Division, Monmouth Conservatory of the Count Basie Theater. I've toured nationally and internationally as a performer, and we will learn a variety of styles of tunes! At the end of camp, students will feel confident holding their instruments, playing at least one major scale, and a few simple tunes. We will have a short concert at the end of our sessions.
