# **Saturday, May 5, 2018, from 10:00 a.m. – 3:00 p.m. Earth Day 2018 Celebration**

## **SHOWS TO BE PRESENTED:**

### **10:30 a.m. Mad Science – Interactive show**

45 minute interactive and entertaining science show, where we will explore all the amazing sciences of the earth: From foaming volcanoes, to amazing melting Styrofoam heads, we will understand what is so amazing about the Earth and where we live! We will continue the fun by exploring the elements! Fire, Water, Wind and Air! Limited amount can participate so get there on time and don't miss out!

Two interactive, hands-on tables will be available to a **limited** number of students. You will be able to take home what you make! Check out the Dirt on Garbage Fun Booths scheduled for 12:30 & 1:30 p.m.

### **11:30 a.m. Endangered NJ – live animal show**

Learn about the major factors that threaten animals with endangerment and extinction worldwide. Through use of artifacts and live animals, participants will learn the status of select native New Jersey fauna. Activities are designed to raise awareness of New Jersey's over 60 endangered species, and inspire participants to practice how they can help prevent threats to local wildlife

### **12:30 Northeast New Jersey Beekeeper Association**

The Northeast New Jersey Beekeepers Association is dedicated to the promotion and support of all aspects of beekeeping in New Jersey. Our mission is to educate the general public on the benefits and importance of beekeeping, teach our members how to become better and more successful beekeepers, and to dispel myths and misinformation regarding the honey bee.

### **12:30 p.m. & 1:30 p.m. Dirt on Garbage Booth! Interactive tables, limited number of seats available**

Join us for hands-on fun as we explore the dirt on garbage! Let's explore landfills and create some of our very own! Reduce, Reuse, and Recycle! We will explore the many ways we can help our planet starting right at home!

### **1:30 p.m. Tenafly Nature Center – Rapp'n with Raptors Show**

Students will observe several live raptors up close and learn about their behavior, physiology, adaptations, ecological importance and natural history. Hands-on artifacts and demonstrations will capture the imagination of young and old.

## **CONTINUOUS EXHIBIT ALL DAY LONG:**

**BATS, BATS, BATS** - Throughout the world, bats have been misunderstood and persecuted, causing a serious decline in bat population. The program "BATS, BATS, BATS!" was established to bring this matter to the public's attention VIA A VERBAL LECTURE, SLIDE PRESENTATION & LIVE BATS! Find out why bats are now being protected because of their vital role in virtually every environment on earth, for example, their importance in insect maintenance and rainforest regeneration. Join Mr. D'Angeli in dispelling the many myths of these most important nocturnal creatures.

**All day fishing with Hudson River Fisherman's Association – All day boat rides with Hackensack Riverkeeper**

**Continuous music provided by Mark Rust!!**

**One class from each of the RP elementary schools that has the most participants at Earth Day will win an ice cream party, so please be sure to sign in that you were there. You must sign in yourself!**

**DON'T MISS ANY OF THE FUN!!!**
